

EZEDINIRU DANIEL

Frontend Engineer and Product Designer (Nigeria)

Highly skilled and versatile frontend engineer with 3 years of experience turning design to pixel perfect code, specializing in creating seamless user experiences. Proficient in modern technologies and design principles. An invaluable asset to any team aiming to deliver exceptional user experiences and products.

FRONTEND DEVELOPER WORK EXPERIENCE

Web Developer, TechGruv, Nigeria, June 2022 - May 2023

- Built a scalable and maintainable blog from scratch using modern web technologies.
- Implemented responsive design techniques to ensure optimal user experiences across various devices and screen sizes. Developed mobile-first approaches, utilizing media queries and flexible grid systems to create interfaces that adapt seamlessly to different platforms.
- Managed all content from blogs, articles, videos, and newsletters.

Tech Lead, Acabeta, Nigeria, Sept 2022 - Present

- Designed visually appealing and user-friendly interfaces for digital products, including website, web app and mobile app
- Conducted user research and usability testing to gather feedback and insights from users.
- CO-founded and Lead Developer, working with a team of developers turning designs to pixel perfect functional code.

Web Developer, NewGrace Media, Nigeria, March 2022 - May 2022

- Built a responsive website and an effective sales funnel for the digital media company, converting sales directly from the website.

PRODUCT DESIGN WORK EXPERIENCE

UI Designer, Project 774, Nigeria, June 2023 - Present (Volunteer)

- Collaborated with cross-functional teams: Worked closely with web developers, and product managers to create and implement visually appealing and functional user interfaces for the website.
- Responsive design implementation: Adapted UI designs to various screen sizes and devices, ensuring a seamless user experience across desktop, tablet, and mobile platforms.

COMMUNITY/CONTENT WORK EXPERIENCE

Google Developer Student Club Lead, Sept 2022 - Aug 2023 (Volunteer)

- Managing the tech community of over 300 techies, including Developers, Designers, Writers, Marketers, and more.
- I host physical and virtual events, including hackathons, technical workshops, boot camps, and tech talks.

Content Creator, Scooper News, Nigeria, July 2020 - August 2021

- Developed and researched on graphics designs and infographics for all content I created for Scooper News.
- Developed a content calendar and posting schedule while carefully following all instructions given, crossed 2 million views with my content.

Content Writer at Opera News, Norway, Sept 2019 - October 2020

- Conducted research, edited and proofread written articles before publication.
- Collaborated with other creators to drive the SEO and ranking to 2,568 in category rank with a monthly visit of 2.5 million readers.
